Paul Simon Ongpin < Front-end Web Developer />

SKILLS

- Responsive Web Layouts (HTML5, CSS3)
- JQuery, React.JS, Javascript, GatsbyJS (React-based static site generator), Basic Understanding of Redux
- Wordpress/ModX Theme Development
- HTML/CSS Frameworks (Bootstrap 3 or 4, Foundation, Materialize, can adapt to any framework of choice for layouts)
- SASS
- Git-based workflows on Github or Bitbucket
- Project Management using Trello and Slack

EXPERIENCE

Starfish Internet Solutions – *Front-end Web Developer*

November 2015 – PRESENT, Makati City

Worked mainly as a Wordpress Theme Developer and UI developer. Converted elegant and well-crafted designs into Responsive Websites. Maintained a legacy site written in Laravel, JQuery and Vanilla Javascript.

Free Code Camp Manila – *Contributor / Volunteer Speaker*

February 2017 – PRESENT, Metro Manila

Collaborated with fellow members and admins to organize events and meetups. Volunteered as a speaker for Basic Web Development concepts for new developers and career shifters.

EDUCATION

AMA Computer College – Batangas City Branch – *B.S. Computer Science*

2011 – 2015

De La Salle University – Lipa – *B.S. Computer Science*

2010 – 2011
